APPROVE

Director

LLC MIP "NES ProfExpert"

Kamaliev Damir Sagdievich

September 26, 2022

PRIVACY POLICY

All information received or created during the validation / verification process is confidential, including:

- information received not from the Client or the responsible party, but from other sources;
- information about the Client or about other subjects of activity that is not publicly available.

LLC MIP NES Profekspert, represented by the director, guarantees that:

- all information received or created during the validation / verification process is protected and not subject to disclosure;
- all personnel carrying out validation / verification activities comply with the rules for ensuring the confidentiality of information established in the Quality Manual;
- all personnel carrying out validation / verification activities are provided with all necessary means for the safe handling of confidential information.

LLC MIP "NES Profexpert" makes information available if:

- in accordance with the provisions of the decisions of the COP/MOP, it is required that it be publicly available
- information must be disclosed in accordance with the legislation of the Russian Federation;
- disclosure of information is agreed with the Client;
- disclosure is subject to the disclosure provisions of the relevant GHG program.

LLC MIP "NES Profekspert" in case of disclosure of information undertakes:

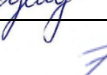

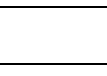

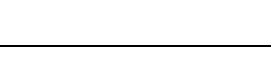

- not to disclose any information about project participants who participate in project activities and programs of activities under the CDM;
- not disclose any information about project participants who have been provided with validation or verification services;
- not disclose any information that should not be publicly available to third parties without the prior written consent of the project participant.

Validation and verification body personnel, including members of any panel or committee, employees of organizations involved in validation/verification processes, and others acting on behalf of the validation and verification body, are aware of this Confidentiality Policy and undertake to maintain the confidentiality of all information, obtained or created in the course of performing validation or verification activities.
